

PROSECCO TREVISO DOC

Grape variety

Glera

Geographical location

The production zone extends over 9 provinces in the Veneto and Friuli regions: Treviso, Belluno, Padua, Venice, Vicenza, Gorizia, Pordenone, Trieste, and Udine.

Soil type

Clay with underlying chalk

Sparkling method

Charmat method

Organoleptic properties

It is fresh and well-balanced on the palate, with a subtle fruity aroma with hints of Golden Delicious apples. The straw yellow colour combines with a fine and persistent perlage.

Serving suggestions

The wine is ideal as an aperitif. It can accompany any meal, but is best with light dishes such as pasta or rice.

Serving temperature

8° C

Available format

0.75 Litres
